

# THE SCI 07 CHRONICLE

Aug 2011 – Vol V

Happy P-Eng year to everyone!

## Sci 07 Has Some Fun!

BackCountry Skiing – Gus Johnson

Cycling – Mikhail Clarkson

Rock Climbing –  
Joel Brunetti

Flying – Lewis Clarke

Gymnastics – Jim Schaming

## HOMECOMING 2012 ANNOUNCEMENT - OCTOBER 19<sup>th</sup>

Sci 07's homecoming will be the weekend of **October 19<sup>th</sup>**. Queen's has decided to continue cancelling Homecoming in an effort to stem the Aberdeen Street Parties. We have no intention of contributing to the street party but we do deserve to have a proper Homecoming. Sci 07 will be having our reunion in the fall because interacting with current students while Queen's is active is an critical part of Homecoming. So we decided on an arbitrary weekend for everyone to get together. Please spread this date to the rest of your friends so it has the strongest turn-out possible. We will be releasing a Homecoming focused issue of the newsletter in early 2012 to announce hotel block bookings, party schedules and other fun stuff. So make sure you keep the October 19<sup>th</sup> weekend booked for homecoming and we'll be providing details at a later date.

## CONGRADULATIONS TO ALL THOSE THAT GOT THEIR P-ENG THIS YEAR

There are far too many to list, so we are simply saying a big congrats to all that have received or will receive their Professional Engineering designation this year. Way to go!

## Sci 07 Bank Account

Balance (July 31, 2010)	\$773.69
12 Month Bank Charges	\$ -23.40
Additional Transactions	\$ 0.00
<b>Balance (July 31, 2011)</b>	<b>\$750.29</b>

What are the haps Sci'07?! By now you have either been working for longer than you went to university, or have more letters behind your name than I do. Here is your annual update on the goings-on at our Alma Mater!

EngSoc Services are chugging along nicely, with Clark Hall Pub open at least 3 nights a week, and Golden Words recently surpassing the Queen's Journal in circulation volume! The Tea Room completed its 5<sup>th</sup> year of operation this year, Science Quest will soon be wrapping up another season of camp at the ILC, and iCons are still taking care of business.

EngSoc has hired a permanent staff member (Jason Young, former manager of the Grizzly Grill) to help with management of the services among other society matters. Feelings are good that Jason's experience will help the society on the up-and-up, and provide good long-term memory for the organization.

The annual CIRQUE and CEEC conferences will continue in 2011-12, and the Engineering Student Societies' Council of Ontario (ESSCO) conference will be hosted by Queen's this school year. Lately, "Professional Engineering Perspectives" (PEP) Talks have been a hit with students, offering a chance for alumni to chat with students looking to get a glimpse into industry. All of these could be opportunities for Sci'07s to visit and share their experience – if you're interested in speaking at an event, your year exec can put you in touch.

Well, we're still a long ways away from a Homecoming Reunion as we knew it, but there are still fun things to do until the University considers bringing back the good ol' days. Spring Reunion for years ending in '2 and '7 (that's us!) is scheduled for May 25 - 27, 2012. If you're looking for something a little more football-flavoured, Clark Hall Pub will be holding a patio ritual to coincide with a Gaels home game on the weekend of October 16-18.

So what *is* the deal with homecoming? Story goes that temporary Principal Williams halted homecoming weekend for two years – 2010 and 2011. Now-Principal Wolfe has extended that hold for three more years, which means the earliest possible true "homecoming" may be in 2014. Fall of 2011 will be the first year where a date for homecoming had not been previously planned.

But let's end on a happier note. The Grease Pole tradition persists! Sci'14 barely got out of the pit last fall, with a time over 3 hours (we should know they'll have some character to show for it). If you're planning to show up for ArtSci'15's chance, know that the Pole event is now ticketed – contact your Sci'07 exec or the Engineering Society directly if you need a hook up.

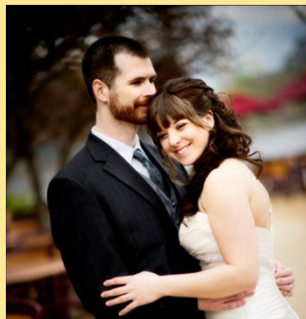

Lastly – remember that Alumni Events are happening in major cities all over the world! Check the calendar to see if your current city has one soon at <https://advevents.queensu.ca/>. Remember to keep your contact info up to date at The Common Room [queensu.ca/alumni](https://queensu.ca/alumni).

## NUPTIALS

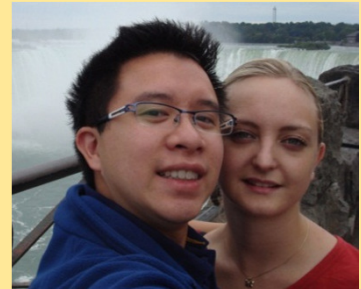

**Anne Buckingham and Matthew Clayton** got hitched in June 2010

**Derek McColl and Sarah Dignard** got engaged this May.

**Adrian Fung** got engaged and will be getting married this October.

**Lindsay Osborne and Michael Ranger** were married August

**FC Moens & Emma Sophia** got engaged this May
