## THANKQ WATER FOUNTAIN INSTALLED

This year's "Thank Q" campaign raised \$3 089.54 for the St. Denis Memorial Fountain of Knowledge. The water fountain has already been installed on the 3<sup>rd</sup> floor of the ILC across from Room 316. A commemorative plaque will be placed above the water fountain dedicating it to the St Denis family members, any suggestions to wording would be welcome ([sci07@engsoc.queensu.ca](mailto:sci07@engsoc.queensu.ca)). A huge thank you goes out to all who helped contribute to the campaign. This is a great monument in both its sentimental value and its practicality.

## WEBSITE UNDER CONSTRUCTION

The Sci 07 Website ([www.sci07.com](http://www.sci07.com)) is currently under construction and will continue to be so until our Web Monkeys return from Europe. Phase I of the website will have an *open news post section*, *updatable personal profiles*, and *photo sharing*. PHASE II will include *online donation capabilities*, *forums* and a *global map* of everyone's location in the world. If you would like to join the Sci 07 Web Team, then e-mail [sci07@engsoc.queensu.ca](mailto:sci07@engsoc.queensu.ca)

## UPCOMING EVENTS

### WHAT ARE YOU DOING AFTER CONVOCATION?

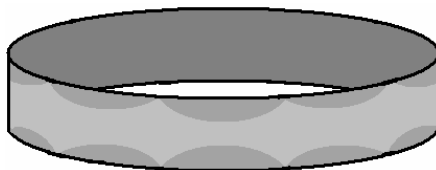

*DID YOU SAY COMING TO ALE HOUSE FOR THE WICKED-COOL Sci 07 AFTER-CONVOCATION PARTY?*

THAT'S WHAT I THOUGHT.

**SEE YOU AT ALE HOUSE AFTER 9PM ON FRIDAY MAY 25 TO PARTY WITH SCI 07 ONE LAST TIME!**

## HOW TO OPEN BEER WITH YOUR IRON RING

- 1) Grab the Beer by the bottom of the bottle with your-non ring hand.
- 2) Extend your ring hand into a firm karate chop position with finger stretched as back as possible.
- 3) For twist-tops locate the ring just under the cap, for pull tops, locate it at the bottom of the bottle.
- 4) Pull really hard and really fast.
- 5) Quit whining you pansy.

I've tapped my Iron Ring in 29 States and DC! I've always wanted to go on a low budget trip as a student and I know that now was my last chance. The

cost-efficient trip plan I came up with was going on a cross-country trip in the US by train (and by car with a high school friend). Besides sightseeing any tourist would do, I visited high school friends all around in US (which took care of my shelter cost). My Amtrak train stops included upstate NY, Boston, New Hampshire, Philadelphia, Washington D.C., Chicago, Washington state and Los Angeles. It was really great to see these places, and at the same time I got to catch up with friends around these places. It also turned out that my friend in LA was graduating from his college and had to drive back his car from Southern California to Chicago, so I went on a road trip to go to places like Las Vegas and Grand Canyon. Since there was nothing to see between Denver, CO and Chicago, IL, we decided to drive 24 hours straight from Colorado to Chicago!

My adventure starts on May 17th and I will return to Canada on September 21st. In that interval, I will be visiting parts of Eastern Europe, the Middle East, East Africa, East Africa, East Asia, Oceania and

South America. I'll be using a Round The World (RTW) ticket jumping between certain cities and continents as well as using public transportation in the forms of discount airlines, trains and buses. The list of major cities that I expect to visit can be found on my travelblog (<http://nomadicone.travellerspoint.com>). The places and experiences I'm most looking forward to are numerous, they include: Prague, Auschwitz, Istanbul, Old City of Jerusalem, seeing the amazing engineering feats in Dubai, safari in the Serengeti National Park in Tanzania/Kenya, visiting Yuki in Tokyo, Queenstown New Zealand (the extreme sports capital of the world), Easter Island, testing my Spanish (SPAN 010) in South America, hiking Machu Picchu and eating the world famous Argentinian steaks in Buenos Aires.
